COMMUNITY

Koch companies and employees provide time, talent, and contributions to add value in our communities. We focus on programs that enable people to improve their lives, find fulfillment and realize their full potential. Here are some examples of Koch's community support in California:

In 2014, Georgia-Pacific joined EBONY magazine to celebrate the **achievements of African-American leaders** from across the nation at the **EBONY Power 100 gala** in Los Angeles. Georgia-Pacific sponsored the Power 100 "Innovator" category.

The Georgia-Pacific Bucket Brigade™ program **awards grants to fire departments** in its facility communities, including those in California. Launched in 2006, the program has contributed **more than \$1.5 million** to departments across the U.S.

SAFETY AND ENVIRONMENT

Koch companies are committed to operating businesses in a manner that protects the health and safety of employees and communities, as well as the environment, by reducing waste and increasing efficiency. Here are some examples in California:

OHSA's VPP STAR certification recognizes employers with **outstanding safety performance**. Both Georgia-Pacific (Antioch, Madera and La Mirada) and Koch Minerals (Long Beach and Pittsburg) hold STAR status within the state.

In 2015, for the fourth year in a row, the **city of Modesto** recognized Georgia-Pacific's Modesto plant for demonstrating **commitment to water quality objectives and best management practices** through compliance reporting and proactive collaboration with the city.
