COMMUNITY

Koch companies and employees provide time, talent, and contributions to add value in our communities. We focus on programs that enable people to improve their lives, find fulfillment and realize their full potential. Here are a few examples of Koch's community support in Texas:

Flint Hills Resources Port Arthur is the title sponsor of **Junior Achievement's annual Engineering Job Shadow Lunch**, which is designed to spark interest in engineering as a career.

In 2015, INVISTA was recognized for donating \$50,000 since 2013 to **Victoria College's Emerging Technology Complex**. The company has given more than **\$400,000** to Victoria College since 1997.

Flint Hills Resources has been a proud supporter of the **Texas State Aquarium** for two decades. In 2014 the company committed **\$1 million** to create a new center for **science, technology, engineering and math education**.

SAFETY AND ENVIRONMENT

Koch companies are committed to operating businesses in a manner that protects the health and safety of employees and communities, as well as the environment by reducing waste and increasing efficiency. Here are some examples in Texas:

Koch Specialty Plant Services in Houston received **eight safety awards** in 2014 for **continuous outstanding safety performance**. KSPS is a subsidiary of Koch Chemical Technology Group.

Flint Hills Resources employees in Corpus Christi reached **30 million work hours without a lost-time incident** in December 2014.

Flint Hills Resources' Corpus Christi refinery operations have **lowered emissions of traditional criteria pollutants by 71 percent** since 1997, while increasing production to help meet the demand for transportation fuels.
