COMMUNITY

Koch companies and employees provide time, talent, and contributions to add value in our communities. We focus on programs that enable people to improve their lives, find fulfillment and realize their full potential. Here are some examples of Koch's community support in Oregon:

In 2015, Georgia-Pacific's Wauna Mill in Clatskanie announced a **donation of 27 acres of waterfront property**, worth more than \$230,000, to Clatsop County for the **creation of a community park**.

The **Georgia-Pacific Bucket Brigade™** program awards grants to fire departments in its facility communities, including those in Oregon. Launched in 2006, the program has **contributed more than \$1.5 million** to departments across the U.S.

In 2015, Georgia-Pacific's Halsey Mill was recognized by the United Way of Linn County for its overall participation in the **United Way** campaign through a **local campaign and community activities**.

SAFETY AND ENVIRONMENT

Koch companies are committed to operating businesses in a manner that protects the health and safety of employees and communities, as well as the environment, by reducing waste and increasing efficiency. Here are some examples in Oregon:

Georgia-Pacific's containerboard facility in Toledo is **STAR-certified in OSHA's Voluntary Protection Programs** for outstanding safety performance.

Georgia-Pacific's Wauna Mill in Clatskanie received first place in the **Find It – Fix It Challenge™** for improvements to its process for covering pulp bales, which **minimized employee ergonomic risk** while at the same time **increasing quality and reducing costs**.

Since 2009, Georgia-Pacific has **reduced water usage** at its Halsey mill by about **1.4 million gallons per day**.
