## COMMUNITY

Koch companies and employees provide time, talent, and contributions to add value in our communities. We focus on programs that enable people to improve their lives, find fulfillment and realize their full potential. Here are some examples of Koch's community support in New Hampshire:

Since 2014, Georgia-Pacific employees in Newington have participated in a **food drive in support of End 68 Hours of Hunger** – an effort to confront the approximately 68 hours of hunger that some local school children experience between the free lunch they receive in school on Friday afternoon, and the free breakfast they receive in school on Monday morning. In 2015, Georgia-Pacific made an additional **donation of \$2,000** to the organization.

The Georgia-Pacific **Bucket Brigade™** program awards grants to fire departments in its facility communities, including those in New Hampshire. Launched in 2006, the program has contributed more than **\$1.5 million** to departments across the U.S.

## SAFETY AND ENVIRONMENT

Koch companies are committed to operating businesses in a manner that protects the health and safety of employees and communities, as well as the environment, by reducing waste and increasing efficiency. Here are some examples in New Hampshire:

Since 2009, Koch companies have received **more than 930 environment and safety awards** for Koch employees' commitment to safety and **using resources wisely and efficiently**.

For more than 20 years, Georgia-Pacific's gypsum wallboard facility in Newington has been a **local leader in recycling gypsum waste**. The facility recycles **100 percent** of its own off-specification product.
