COMMUNITY

Koch companies and employees provide time, talent, and contributions to add value in our communities. We focus on programs that enable people to improve their lives, find fulfillment and realize their full potential. Here are a few examples of Koch's community support in Kansas:

In 2014, Koch pledged **\$11.25 million** to Wichita State University to create and advance programs aimed at helping campus academics, athletics, and the overall economic vitality of the community and surrounding region.

Koch companies are proud supporters of **Youth Entrepreneurs®**, a program that teaches business and entrepreneurial skills to high school students in **41 schools** across Kansas and Missouri.

For **25 years**, Koch employees in Wichita have given the gift of joy and hope to local children and families through **The Salvation Army Angel Tree**.

Koch has been a long-time supporter of the **Boys and Girls Club**. In addition to providing volunteers and mentors, Koch has **donated over \$600,000** to the Boys and Girls Club of South Central Kansas since 2006.

SAFETY AND ENVIRONMENT

Koch companies are committed to operating businesses in a manner that protects the health and safety of employees and communities, as well as the environment by reducing waste and increasing efficiency. Here are some examples in Kansas:

In 2014, Koch Fertilizer was honored with the **Grand Slam Award** from the Association of American Railroads for **exemplary shipping performance**.

Flint Hills Resources' terminals group received the **Safety Excellence Award** from the International Liquid Terminals Association in 2009, 2011, 2012, 2014 and 2015 for its **exceptional safety record** across its terminal facilities.

In 2015, Koch constructed an **irrigation pond** during the expansion of its company headquarters in Wichita. This will save approximately **40 million gallons** of water annually — the equivalent use of 400 homes.
