COMMUNITY

Koch companies and employees provide time, talent, and contributions to add value in our communities. We focus on programs that enable people to improve their lives, find fulfillment and realize their full potential. Here are some examples of Koch's community support in Arkansas:

Georgia-Pacific is a supporter of the **Girls Engaged in Engineering** initiative in Crossett, Arkansas. The company provides **products and volunteers** to Crossett Middle School to increase interest in engineering among girls.

Every spring, Georgia-Pacific's Crossett facility invites local **elementary school students** to learn about responsible water consumption through its **Water Ways Festival**. The company has hosted the event since 2008.

To date, Molex has supported and contributed to **STEM-based learning organizations** across the country, including the **Arkansas Discovery Network**.

SAFETY AND ENVIRONMENT

Koch companies are committed to operating businesses in a manner that protects the health and safety of employees and communities, as well as the environment, by reducing waste and increasing efficiency. Here are some examples in Arkansas:

Georgia-Pacific's Crossett mill has earned **five CEO Safety Excellence Awards** since 2006. Each award represents **1 million hours without a lost-time injury** while maintaining an OSHA incident rate of 0.50 or less.

Georgia-Pacific's facility in Fordyce is **STAR-certified in OSHA's Voluntary Protection Programs** for outstanding safety performance.
