COMMUNITY

Koch companies and employees provide time, talent, and contributions to add value in our communities. We focus on programs that enable people to improve their lives, find fulfillment and realize their full potential. Here are some examples of Koch's community support in Georgia:

Since 2005, Georgia-Pacific has **donated \$265,000 to Boys & Girls Clubs** of Metro Atlanta. GP has provided **hundreds of volunteer hours** to the club in prior years.

Koch companies are proud supporters of **Youth Entrepreneurs®**, a program that teaches business and entrepreneurial skills to high school students. **YEGeorgia** has trained **more than 1,700 students** through a nationally recognized entrepreneurship curriculum from the Network for Teaching Entrepreneurship.

Koch companies are long-standing supporters of **Habitat for Humanity**, donating funds and providing hundreds of volunteers to help build homes across the U.S. In 2014, Georgia-Pacific completed its **25th Atlanta Habitat Home**.

SAFETY AND ENVIRONMENT

Koch companies are committed to operating businesses in a manner that protects the health and safety of employees and communities, as well as the environment, by reducing waste and increasing efficiency. Here are some examples in Georgia:

In 2013, Georgia-Pacific's Brunswick mill earned the **American Forest and Paper Association's award** for leadership in water sustainability. The facility **reduced water usage by nearly 10 million gallons per day** — 30 percent of the mill's total daily use.

Georgia-Pacific's Savannah River Mill in Rincon earned **"Wildlife at Work" certification from the Wildlife Habitat Council**, which provides a structure for corporate-driven efforts to create, conserve and restore wildlife habitats on corporate lands.
